

Hanged Man

Traditional meaning:

Patience. The current stalemate can be gotten out of fairly easily. Postpone decisions. Hold off and wait for a better time. Let go and accept.

My Interpretation:

I was surprised how calm I feel about this card. He is serene. Relaxed. He knows he can easily get out of that loop. He's waiting and relaxing. Sure, his ankle has a rope around it, but it's not holding him. It's giving him a chance to relax.

Just "hang in there" and wait it out. You'll know when to act. For now, patience and serenity are the keys.
